

## **Writers Residence Val David, Quebec**

### **Accommodation: Bed and Breakfast**

The Residence has five bedrooms and a separate small apartment.

There are large communal areas, living and sitting rooms, a terrace with panoramic view, an extra large communal kitchen, free laundry facilities, lots of balconies and a large garden. Sheets and towels will be provided but residents are responsible for their own basic housekeeping. Shopping, restaurants and other attractions are conveniently located just a short walk from the house. Val David provides a lovely setting for leisurely walks through town and into the countryside. Your stay at the Residence is your time to pursue your creative endeavors and you will be left to organize your own schedule. However we hope to organize a collective reading and art exhibition for our residents before your individual time to depart is up. We also welcome your suggestions and additional questions.
